

## Mahindra launches the All-New Scorpio in Australia

- The new Scorpio, *built from the ground up on an all-new platform*, is a compelling product offering with its unmatched capability, unmissable presence, thrilling performance, advanced technology, sophisticated dynamics, and comprehensive safety equipment
- The new Scorpio boasts a *robust drivetrain*, featuring highly capable diesel engine and advanced automatic transmission system
- *'Go anywhere' capability*: The Scorpio gets the all-new 4XPLORE Intelligent terrain management system across the range, making the SUV highly capable on all terrains
- *Sophisticated Ride and Handling*: The SUV is lighter with the new 3<sup>rd</sup> generation body-on-frame chassis. It gets WATTS link suspension and Frequency Dependent Damping system. With these features, the all-new Scorpio offers a confident ride and responsive handling
- At 4.662 metres long and 1.917 metres wide, **the combined 8.93m<sup>2</sup> places the All-New Scorpio firmly in the Large SUV <\$70K BOF category** as defined by FCAI for 2023.
- Available in 2 variants and 5 exciting colors to choose from, all standard with 4XPLORE 4WD, starting at an attractive **Introductory Price until the 30<sup>th</sup> June, 2023 of \$41,990 Drive Away for Z8 variant.**
- The All-New Scorpio is the first model for Mahindra in Australia that features an all new **factory backed 7 year / 150,000 km warranty for Private Buyers.**

**Brisbane, April 20th, 2023:** Mahindra & Mahindra Ltd., a global SUV manufacturer, today announced the launch of the much-awaited SUV, the **all-new Scorpio in Australia**. The all-new SUV is designed, engineered and built to disrupt the SUV segment with its class-leading attributes, features and capabilities. **The Scorpio starts at an attractive introductory price of \$41,990 for the Z8 4WD Variant till the 30<sup>th</sup> June 2023.**

The SUV went through a rigorous six-month testing across Australia and is engineered to fulfill segment benchmarks across all critical parameters: performance, capabilities, technology, sophistication, ride and handling, NVH, interiors, and appearance.

**Sachin Arolkar, Head of International Operations, Mahindra & Mahindra Ltd., said, "Scorpio is an iconic SUV brand and a true testament to sophisticated engineering that is aimed at delivering an authentic 4WD experience. The Scorpio leverages our expertise in SUVs with a range of technological advancements and will be a compelling proposition for our Australian customers. We are confident that the all-new Scorpio will be the first step in scaling up our operations multiple-fold in Australia."**

The All-New Scorpio is built completely new from the ground-up. The 4XPLORE technology and highly capable powerhouse coupled with 4WD offers an exhilarating driving experience. The new Scorpio is the first Mahindra SUV in Australia that embraces the new **'Twin Peaks'** logo.

The Scorpio has been designed at Pininfarina, Italy, and Mahindra India Design Studio (MIDS) in Mumbai, India. It has been engineered by the teams at Mahindra Research Valley (MRV) in India and Mahindra North American Technical Center (MNATC) in USA. It has been manufactured at Mahindra's state-of-the-art, world-class facility at Chakan, India, making it a product of truly global engineering and innovation.

The Scorpio will be available in five exciting colours in Australia - Dazzling Silver, Deep Forest, Everest White, Napoli Black and Red Rage. The All-New Scorpio will be available for test drives and bookings starting April 20th, 2023.

**Variant Wise Pricing, Introductory Drive Away Pricing until the 30<sup>th</sup> June 2023.**

Variant	Diesel AT 4WD
Z8	\$41,990
Z8L	\$44,990

- Wireless Charging

## About The Scorpio

### The Scorpio lineage

Scorpio started life in India in 2002 as robust solid and capable 4WD SUV. With various facelifts and updates over Twenty Years and with over 1 million units sold off the Scorpio / PiKUp platform we are pleased to bring the World Class 3<sup>rd</sup> generation All-New Scorpio to Australian roads.

### Mahindra Scorpio SUV proves its grit during 6-month Aussie testing program

Tested on four continents to a total of 1 million test kilometers, Mahindra went the extra mile to ensure that their Scorpio SUV was ready to tackle the toughest terrains in Australia by partnering with 4WD Industries, an independent company based in Hunter Valley. For six months, 4WD Industries put three Scorpio SUVs through their paces, pushing them to the limit across the vast and varied landscape of the country. The Scorpio SUVs were tested in extreme conditions, from driving 120,000 km in snow at altitude in the High Country to enduring searing heat in the Red Centre and navigating through busy inner-city streets. With the help of Mahindra seven engineers and 4WD Industries' dedicated team of eight, daily data logs and reports were sent back to India to enhance the Scorpio's performance in even the toughest Australian conditions.

### Thrilling performance

The All-New Scorpio is engineered for those looking for a new-age authentic SUV. Built on our **new third-generation body-on-frame platform**, the Scorpio boasts of class-leading structural rigidity, off-road capability and exemplary on-road manners. The Scorpio is powered by a 2.2 litre diesel engine coupled with class-leading 6-speed automatic transmission system churning out 129 kW (175PS) power and 400 Nm torque.

### 'Go Anywhere' capability

The All-New Scorpio is designed to **rule all terrains** with the **4XPLORE**, first-in-class intelligent terrain management technology. With a mere touch, the electric shift-on-the-fly 4Wheel Drive System transforms the Scorpio from 2WD mode into an all-conquering, capable 4WD beast.

### Mahindra Scorpio SUV earns high safety scores

The Scorpio is the first body-on-frame SUV to secure a **5-star rating** in the **Global New Car Assessment** program's (GNCAP) new crash test protocols, which came into effect on July 1, 2022. The Scorpio complied with additional tests including pole side impact, pedestrian protection UN127, electronic stability control (ESC) according to GTR8 and its fitment and side head protection airbag fitment.

### Unmissable presence

The Scorpio takes forward a commanding stance and strong presence on road. The **signature wheel arches have been made even more muscular** taking inspiration from the sinewy silhouette of a swimmer. A metallic Scorpio tail element is seamlessly integrated into the beltline, swinging all the way to the top of the window, giving the Scorpio more of a sting. The commanding nature of design effortlessly translates into the front as well. The **Scorpio character is omnipresent** as the tall, stacked taillamp design creates a **commanding stand on the rear, as in the front**. The All-New Scorpio will be offered in 5 body colour options: Deep Forest, Napoli Black, Everest White, Red Rage, and Dazzling Silver. At 4.662 metres long and 1.917 metres wide, the combined 8.93m<sup>2</sup> places the All-New Scorpio firmly in the Large SUV <\$70K Body On Frame category as defined by FCAI for 2023.

**mahindra** <sup>Rise</sup>

### Premium crafted interiors

The All-New Scorpio is absolutely **captivating on the inside, as on the outside**. Scorpio offers **top notch craftsmanship** – rich coffee-black leatherette upholstery, best-in-class command seating position, center console encased in robust metal finished dual rails, advanced infotainment system and more, taking the **premium-ness to the next level**. The interiors of the Scorpio are designed to offer a highly sophisticated sensation, delighting the driver and passengers alike.

### Sophisticated ride and handling

The All-New Scorpio uses the most sophisticated technologies available to offer **benchmark driving dynamics**. The latest generation body-on-frame structure has been optimised to offer remarkable levels of dynamic competencies and assured handling capabilities. Additionally, the penta-link rear suspension features watts link mechanism to offer confident ride and handling attributes. The first-in-segment **Frequency Dependent Damping (FDD)** technology, in combination with the Scorpio's advanced shock absorbers featuring MTV-CL technology, is devised to offer a smooth, comfortable ride experience. The **steering setup** is remarkably smooth and responsive for a vehicle in its category, and All Four Disc brakes ensure exhilarating yet safe drive.

### Warranty:

The All-New Scorpio is the first model for Mahindra in Australia that introduces an all-new **factory backed 7 year / 150,000 km warranty for Private Buyers**.<sup>\*</sup> Terms & Conditions apply, please see [www.mahindra.com.au/ownership](http://www.mahindra.com.au/ownership) for more details.
